URGENT PRESS RELEASE

This press release serves to inform all the Village Councils, Town Councils, City Councils, Municipalities and other relevant Authorities that, the Ministry has critically observed the situation on Public Transport. After having perused the report of NABTA Congress by the Office of the Prime Minister, NABTA Constitution and its Certificate of Registration from the Labour Commissioner, we are convinced that NABTA has fulfilled its obligation as required in terms of the law.

As the Ministry responsible for all Transportation in Namibia, we would like to see the Public Transport properly regulated. We are therefore, urging your good Institutions to engage with NABTA and make sure that the land for Loading Terminals, Taxi ranks and other Public Transport related services are being provided to NABTA as the only recognised (Legally mandated) Association dealing and regulating the Public Transport Sector in Namibia.

I trust that, you will take this into consideration and act accordingly.

Yours Sincerely

Erkki Nghimtina, MP  
MINISTER
